

CHIPPEWA COUNTY GIS 2013 FEE SCHEDULE

- 2011 Ortho imagery and other GIS datasets can now be purchased from the Equalization Department.
- Ortho imagery can be purchased as uncompressed GeoTiff tiles or County/Township mosaics.
- You must provide us with the storage media you would like the imagery/GIS data transferred to, as well as a signed "Ortho Imagery End User Agreement" (if purchasing imagery) and payment in advance.
- Imagery mosaics are available in three formats – ECW (MGR or STPI), JP2, and SID. Please specify which format you would like.
- The price of the imagery and the media required are as follows:

Formats, sizes, and pricing

Imagery Set	File Size	Media Required	Price
Complete set of uncompressed County GeoTIFFs	225 GB	USB HDD	\$1,500
County Mosaic – ECW	12 GB	USB HDD	\$750
County Mosaic – JP2	17 GB	USB HDD	\$750
County Mosaic – SID	44 GB	USB HDD	\$750
Township Mosaics – ECW	Varies: 600 MB – 2 GB	DVD or USB HDD	\$150 per Township
Township Mosaics – JP2	Varies: 400 MB – 4 GB	DVD or USB HDD	\$150 per Township
Township Mosaics – SID	Varies: 600 MB – 3 GB	DVD or USB HDD	\$150 per Township
SSM 12" – ECW, JP2, SID	Varies: 125 MB – 300 MB	CD	\$150 per Format
GeoTIFF Tiles by Twp/Range (~50 tiles/area, ~ 65 areas)	Varies: Approx. 4 GB per area	DVD or USB HDD	\$75/area

*Please send media storage to accommodate the size of files you request. **Do not** send USB thumb drives.

**Additional charge for postage and handling (see page 4 for details)
